New Patient Acceptance Policy

We accept all NHS fee-paying patients. Please, note that currently all of our contracted spaces are filled. You can however, ask a member of our team for up-to-date information regarding waiting times.

The practice does not refuse to treat anyone on the grounds of:

- Race
- Religion
- Gender
- Sex

- Age
- Sexual orientation
- Appearance
- Disability
- Medical or Dental Condition

ENGLAND

We offer NHS-exempt treatments for the following categories:

- Patients who claim low-income benefits;
- Children under 18 years of age;
- Patients who are under 19 years of age and in full-time education;
- Patients who are pregnant or have had a baby within the last 12 months.

If you don't belong to the above categories, then you will be classified as a fee-paying patient.

NHS patients are required to sign a form at the beginning and occasionally at the end of each treatment. Patients who are exempt from paying NHS fees may be asked to show proof of benefit received. Note that it is your responsibility as the patient to check the information you give is correct. The NHS may check and will ask for evidence to support your claim.

Note: You will not be exempt from paying because you receive: Incapacity Benefit, contribution-based Employment and Support Allowance, contribution-based Jobseeker's Allowance, Disability Living Allowance, Council Tax Benefit, Housing Benefit or Pension Credit savings credit, when paid on their own. Medical conditions do not exempt you from payment for dental treatment.

NHS Registration and Waiting List Policy- England

Due to such high demand for NHS dental treatment and our limited capacity, keeping up to date with your regular dental appointments is essential in order to remain an active patient. Any patient who has not attended for over 2 years will be removed from our current NHS patient list and may need to join a waiting list.

Lam Dental Care would recommend booking the next appointment before you leave the practice to ensure you don't forget. We will aim to remind patients of their upcoming appointments either via phone, text or email depending on your recorded preferences. It is also recommended to keep us informed if your contact details change such as when you move house so that our communications are received.

Access & Emergency Treatment Policy

Lam Dental Care is open to treat patients during the following hours

Monday: 9:00am- 6:00pm

Tuesday: 9:00am- 4:00pm

Wednesday: 8am- 2pm (week 1) 2pm- 7pm (week 2)

Thursday: 9:00am- 6:00pm

Friday: 8:00am- 2:30pm

Saturday: 9:00am-12:30pm (Every three weeks)

At Lam Dental Care we will endeavour to see patients with pain, swelling or trauma within 48 hours of initial contact, where possible. This applies to patients who attend for examinations on a regular basis. If we are working at full capacity at any given time, we will manage the patient and refer them to another service if necessary.

Patients who are currently undergoing treatment and who have pain or swelling will be offered an appointment within 24 hours of initial contact.

During out-of-hours, there is an answer phone message advising patients of help available. Everyone can access help and advice 24 hours a day through the NHS 111 service. Details will also be displayed at the entrance to the practice. This information will always be correct and up to date.

Definition of emergency

Fractured jaws – affects speech, teeth may not meet properly, swelling inside mouth, limited mobility, pain etc. Most commonly happens after an accident, blow to the chin etc.

Uncontrolled Bleeding – Any bleeding that cannot be controlled by firm continuous pressure from a pack for 10 minutes may need suturing. Most commonly happens after extraction, due to infection or alcohol, aspirin, drugs etc.

Loss of consciousness – No matter how brief, anyone who was unresponsive may have suffered internal brain damage that could worsen if left without investigation. Most commonly happens after a blow to the head or accident.

Accessible Information Standard (AIS)

We will ask every patient about their communication needs and record:

- Preferred communication format
- Language requirements
- Need for an interpreter
- Sensory, cognitive, or learning support needs

Examples of accessible formats:

- Large print
- Easy-Read
- British Sign Language interpreter
- Email or text communication
- Written summaries
- Use of translation services

Accessible communication needs are flagged in patient records and followed at every contact.

Patient Confidentiality & Data Protection

All patient information is handled in line with:

- UK GDPR
- Data Protection Act 2018
- NHS code of confidentiality

Patients are informed about:

- How their information is used
- Their right to access their dental records
- How to request corrections
- How their data is stored and shared

Privacy notices are displayed in reception and on the website.

How We Ensure Information is Accurate and Up to Date

The Practice Manager will:

- Review this policy annually
- Check NHS fee posters every April
- Update website information quarterly or when NHS guidance changes
- Ensure staff receive training on new NHS rules
- Remove outdated printed materials immediately

Patient Feedback and Complaints

Patients are informed of:

- How to give feedback
- How to raise concerns
- Our NHS complaints procedure
- External escalation routes including:
 - NHS England
 - Parliamentary and Health Service Ombudsman
 - GDC (for professional concerns)

Cancellations, Failed and Missed Appointments

Patient Cancellation Policy Thank you for choosing Lam Dental Care for your healthcare needs. We understand that it is inevitable that sometimes you may need to cancel or rearrange your dental appointments.

We would ask patients to give as much notice as possible when cancelling an appointment so we have the opportunity to offer it to someone else although we do understand that during an emergency this is not always possible. Non-attendance and cancellations at short notice without a valid reason deprive other patients of our services.

Cancellations

To ensure efficient scheduling and fairness to all our patients, we have implemented the following cancellation policy,

- **Appointment Deposit:** Appointment Deposit: For appointments lasting up to 20 minutes, a deposit is required at the time of booking. A member of staff will talk you through this and discuss how much this will be. Patients have the option to pay more if they wish. For appointments lasting 60 minutes or more, a larger deposit is required.
- **Cancellation Notice:** We kindly ask for a minimum of 48 hours (2 working days) notice prior to your scheduled appointment time if you need to cancel or reschedule.
- **Loss of Deposit:** Should you cancel your appointment within 48 hours of the scheduled time, the full deposit will be forfeited. This policy compensates for the time reserved specifically for you and the potential loss of business due to short notice cancellations. Upon loss of deposit a further deposit will be taken upon rebooking your appointment.
- **Rescheduling:** If you wish to reschedule your appointment outside of the 48-hour window, your deposit will be applied to the new appointment time. However, repeated rescheduling may result in forfeiture of the deposit.
- **No-Show Policy:** Failure to show up for your appointment without prior notice will result in the loss of the full deposit. If no deposit was taken upon booking then a no-show fee will be payable of:

£50 for an examination

£60 for appointments lasting up to 20 minutes or more

£100 for appointments lasting 60 minutes or more

- **Emergency Situations:** We understand that emergencies happen, and exceptions may be made on a case-by-case basis for documented emergencies or unavoidable circumstances.

Cancellations due to illness

If you are showing symptoms of a stomach bug or a respiratory illness, including COVID, please let us know so we can rearrange your appointment for when you are feeling better. This also helps to keep our staff and other patients safe. The standard cancellation period will not apply in these circumstances.

By booking an appointment with us, you agree to adhere to our cancellation policy outlined above. Your cooperation ensures we can maintain an efficient schedule and provide optimal care to all our patients. If you have any questions or need further clarification on our cancellation policy, please feel free to contact us.

Faulure to attend

We aim to provide all our patients with the best possible service and to achieve this we need your cooperation. If you are unable to keep your appointment, please make every effort to cancel it well in advance so that it may be offered to someone else. Non-attendance and cancellations at short notice without a valid reason deprives other patients of our services.

Appointments are sometimes wasted as people do not attend. These appointments could have been used by other patients.

Patients who wish to cancel dental appointments must do so a minimum of 48 hours in advance of their scheduled appointment. If less notice is given without a valid excuse, the appointment will be considered to have been broken (please see failure to attend).

Failure to attend (Adults)

The first time a patient fails to attend a booked appointment (or late-cancels) we will send a letter or e-mail reminding them that in future they must cancel appointments within 48 hours if they are unable to attend.

After 2 of failed to attend letters or e-mails we will advise you that we will no longer be able to book further appointments without prior payment to secure the appointment.

An appointment is considered to have been broken if any of the following occur:

- the patient fails to show up for the appointment,
- the patient appears more than 20 minutes late for a scheduled appointment, or
- the patient calls to cancel an appointment with too little advance notice to allow that appointment time to be rescheduled with another patient (48 hours will be considered to be the minimum time necessary to avoid a broken appointment).

To avoid being sent a Failed To Attend letter please, ensure that you cancel your appointment a minimum of 48 hours before the appointment time. Anything cancelled after this time could count as a failed appointment.

Adults at risk

The first time a patient (at risk) fails to attend a booked appointment (or late-cancels) we will telephone the patient/carer/care provider within 24 hrs. We will ask if there was any specific reason as to why was not brought and offer a new appointment. We will then send a letter to your residential address informing you of the new appointment date and time.

If there is no reply to our first phone call we will make a second attempt to contact via telephone and then send a letter once an appointment is made. If there is still no contact made following two telephone attempts we will send a letter to the patient's/carer's/care provider's residential address and await your response.

If the patient/carer/care provider responds within 3 weeks, we will offer you another appointment with a letter confirming the appointment details. Following further lack of response within 3 weeks, continuous cancellations or routine failure to attend, then we may contact the patient's GP and/or social worker.

To avoid being sent a Failed to attend letter please ensure that you cancel your appointment a minimum of 48 hours before the appointment time. Anything cancelled after this time could count as a failed appointment.

Policy for children who are not brought

The first time a child fails to be brought to a booked appointment or their appointment is late-cancelled we will telephone the parent within 24 hours. We will ask if there was a specific reason why the child missed the appointment and offer a new appointment. Once scheduled, a letter will be sent to the home address with information regarding the re-scheduled appointment as well as reminding the parent that in future they must cancel appointments within 48 hours if they are unable to attend.

We will make 2 attempts to contact the parent via telephone to re-schedule to appointment. Upon lack of response (on both occasions) we will send a formal letter offering to re-schedule the missed appointment as well as discussing the importance of parental responsibility to bring their children to dental appointments, highlighting the safeguarding concern of potential neglect if children are

routinely not brought to appointments. We will also advise you that we are unable to book further appointments without prior refundable payment to secure the appointment.

Following further lack of response within 3 weeks, continuous cancellations or routine failure to attend, then we may contact the child's GP and/or children's services.

To avoid being sent a Failed to attend letter please ensure that you cancel your child's appointment a minimum of 48 hours before the appointment time. Anything cancelled after this time could count as a failed appointment.

Children (in care)

The first time a child in care fails to be brought to a booked appointment or their appointment is late-cancelled we will follow the same procedure as outlined above but a copy of the re-scheduled appointment letter will be sent to the appointed social worker.

If there is no response within 3 weeks, there are multiple cancellations or repeated failure to attend appointments; then we will share this information with the appointed social worker and to the Childs GP.

If we feel it necessary to protect the child then we have a duty of care and will escalate further.

Children receiving orthodontic assessment or treatment

The first time a child receiving orthodontic assessment or treatment fails to be brought to a booked appointment or their appointment is late-cancelled we will follow the same procedure as outlined above in our policy for children who are failed to be brought to an appointment.

However, if there is no response within 3 weeks then we may share this information with other health care professionals and/ or a social worker. We will also sent a letter to the child's GP we well as assessing whether further action needs to be taken.

For repeated cancellations and/ or failure to attend we will discuss the importance of parental responsibility to bring their children to dental appointments, highlighting the safeguarding concern of potential neglect if children are routinely not brought to appointments.

Policy for dental recalls

_Recalls will be sent for patients who are due their dental examinations at the appropriate time interval. If there is not an appointment made a further recall will be sent. If a patient has not been seen for over 1 and a half years and have received 2 recalls they will be informed that they have deregistered from the practice and will need to reregister as a new independent patient.

Cold Sore Policy

Cold sores are common for many people in the UK. Like all viruses, they are contagious and pose a risk to others. The herpes simplex virus is spread through contact.

Cold sores usually emerge as a small ulcer-like patch on or surrounding the lip line, they can come up in a matter of hours and usually take between seven days and four weeks to heal, depending on the severity. From the time they begin to emerge to the point at which they are fully healed, they pose a contagion risk.

At Lam Dental Care we ask patients that if they have had a cold sore for less than 2 weeks, please reschedule any non-emergency dental treatment or hygienist appointments until after this contagious period has passed. This is not only because of the high risk of spreading the virus but also because your lips may feel sore and could crack or bleed during treatment.

If urgent dental treatment is required (you are in pain and need immediate attention), our dentists will request that your cold sore be protected with a cold sore plaster to minimise the risk of cross-infection during emergency dental treatment.

If you do get a cold sore and you have a dental or hygienist appointment arranged, please call the practice with as much notice as possible, to reschedule any non-emergency treatment. You will not be charged a late cancellation fee if you cancel due to a cold sore.

Drugs and Alcohol Policy

The safety of our staff and patients is of utmost importance. Treating patients who are under the influence of drugs or alcohol can be dangerous for several reasons, including: difficulty in gaining informed consent the possibility that post-operative instructions will be forgotten increased bleeding risk If we suspect a patient is chemically impaired, either through alcohol or drugs, including prescription drugs, which may cause impairment, we will be unable to treat the patient and will ask to reschedule the appointment.

Drugs and Alcohol Policy

The safety of our staff and patients is of upmost importance.

Treating patient who are under the influence of drugs or alcohol can be dangerous for several reasons including:

- difficulty in gaining informed consent
- the possibility that post-operative instructions will be forgotten
- increased bleeding risk

If we suspect a patient is chemically impaired, either through alcohol or drugs, including prescription drugs which may cause impairment, we will be unable to treat the patient and will ask to reschedule the appointment

Patient Involvement Policy

We actively involve all our patients in every aspect of their dental care and as a practice, we aim to carry out the following;

- To ensure discussions take place in an environment where conversations are not overheard, and every effort is made to ensure the patient feels comfortable and relaxed.
- To identify whether communication aids are required, including the use of interpreters, to ensure that the patient fully understands explanations and discussions and can make informed choices.
- To identify patient treatment needs and treatment options, identifying also what they can do to manage their care.
- To discuss all care and treatment options, providing enough information on any risks involved and potential consequences of each option and, where possible, identifying relevant evidence, research, or experience.
- To record discussions in the patient's notes identifying the treatment needs, options discussed and patient's choice.

- To record the reason for and outcome of diagnostic tests and assessments are explained to the patient. These include, for example, radiographs, vitality tests, periodontal indices, and pathology tests.
- To ensure all staff at the practice understand the principles of patient confidentiality and routinely follow the practice procedure for ensuring the confidentiality of patient information.

Code of Good Practice Policy

At Lam Dental Care we listen to patients' views and learn from them. We communicate with patients in a courteous, friendly, professional manner.

Patients are provided with the standard of care that we would expect to receive ourselves and we make sure that patients receive full information about our services, their treatment and its cost.

We may refer patients for further professional advice and treatment where appropriate and we are committed to ensuring that we keep our professional skills and knowledge up to date.

In our practice, we will:

- Respect our patients' confidentiality
- Aim to ensure that patients should have to wait no longer than 20 minutes to be seen.
- Manage our appointment system so that treatment appointments are booked no more than 2 weeks ahead
- Deal with every telephone call promptly – callers will not be asked to 'hold' without first finding out why the call has been made
- Deal with correspondence within 3 days of receipt
- Provide patients with a treatment plan and estimate of costs for each new course of treatment. Full and specific consent will be gained.
- Make patients aware of our policy for collecting fees. Requests for payment will always be made courteously
- Make the practice policy for dealing with complaints known to patients. All complaints will be treated sympathetically and according to the agreed procedures.
- Provide the highest standards of infection control
- Provide any emergency treatment required during practice hours as soon as is reasonably practicable.

Practice Payment & Charges Policy

It is the responsibility of this practice to give patients full information about the cost of their dental care before any treatment is undertaken.

A list of common treatment charges is available at reception and on our website, for treatments that are provided privately.

We will ensure that all patients:

- Are advised of what they must pay, when they should pay and how they can pay (e.g. cheque, cash, card, direct transfer)

- Know what they will receive for their payment (i.e. what treatment or care)
- Understand their treatment is provided privately
- Are given a written estimate and treatment plan on request or where treatment involves more than routine preventive examination and hygiene care
- Understand their own responsibilities in terms of payment terms and how to avoid any penalty for overdue fees (missed appointment charges, late payment etc)
- Are not pressured into signing agreements or paying fees
- Obtain a receipt for any payments they make and can review their account details
- Can talk to a staff member who can explain clearly what payments are due and what they are for
- Can discuss with staff what treatment options and costs are available
- Are given an estimate where a precise cost cannot be determined in advance (e.g. laboratory work) and will receive timely advice of any additional costs where appropriate

We try to make payment as straightforward as possible.

Payment & Refund Policy

Payment Method

All major debit and credit cards are accepted.

Change of Details

You must inform the practice immediately of any changes to your contact details. Failure to do so will mean that we are not able to provide you with essential information and updates.

Cancellation of Courses of Treatment

If, for any reason, a course of treatment is cancelled, then we will make every reasonable effort to give the patient as much notice as possible. Lam Dental Care's maximum liability will be limited to a refund of the advance payment fee ONLY. Refunds will be made by the method in which the treatment booking was paid. However, if a card payment is taken and it is the patient who cancels, then you will be liable to pay the card processing fee. We will not accept liability for any additional costs or losses incurred by a patient or organisations, which are claimed to have arisen through treatment cancellation. We reserve the right to vary arrangements for the delivery of a treatment plan and in such cases will make reasonable efforts to inform patients in advance.

Cancellation by the Patient

You may cancel a course of treatment for which you have booked an appointment and be fully refunded all fees for treatment not yet performed; provided you give the practice a minimum of 48 hours prior notice.

If 48 hours prior notice is not received, we reserve the right to withhold a proportionate amount of money, based upon the length of the appointment, to cover overheads.

This does not apply to NHS appointments, but we reserve the right to discontinue future care under the NHS.

We will refund the money to patients who wish to discontinue treatment at any time. A notice period of 14 days is required upon which they will be eligible for a refund of any amount paid for treatment that they did not receive.

If a patient is receiving any treatment that involves laboratory work and initial work has been carried out; i.e. if the patient is having crowns/bridges or a denture made, and the work has already been started or completed by the laboratory, a proportion of the fee taken on the preparation appointment will be kept to cover the cost of the laboratory invoice.

Please be aware that for NHS courses of treatments, the proportion of the fee is set by the NHS Business Services Authority, not the Practice.

Refunds will be processed within 14 days after receipt of your request in writing either by e-mail or post:

If you have paid for services not yet provided, that do not involve a laboratory fee, we will either credit your account or refund the transaction paid by the method by which the original payment was made. If the method was cash and you are unable to collect the refund in person, it will be posted to you in the form of a cheque.

Bad Debt Policy

This practice maintains a strict payment policy where all payments for dental treatment should be paid in full on the same day of the completion of treatment.

It is the discretion of the treating dentist as to whether the full payment is required before the start of treatment. Payments can be made by cash or by debit card. Credit card payments will also be accepted.

Card payments can be taken over the phone. If for whatever reason the fees are not paid, the practice will inform the patient via a text message/letter or email that there is money outstanding on their account and to refer to our payment policy.

A second text message, letter or email will then be sent requesting immediate payment if payment is not paid within a seven-day period. If there has been no contact or payment within the next seven-day period then a third text message will be sent warning of losing the right to be seen at the practice with immediate effect.

If payment is not made within a further 24 hours, we will use a debt recovery company to recover the debt outstanding.

Zero Tolerance Policy

Staff treating patients have the right to work free from any threat or fear of abuse, violence or forms of aggression.

The NHS nationally has agreed to a zero-tolerance policy.

Unacceptable behaviour which will not be tolerated within the dental practice includes:

- Actual or threatened physical violence on staff or other patients.
- Psychological abuse of staff
- Verbal abuse which includes shouting or swearing
- Racial abuse
- Sexual harassment or abuse
- Threats against practice personnel which occur in the workplace
- Theft or damage of practice property
- Taking drugs or alcohol on the premises

If any patient is abusive or violent towards any member of staff or any other persons on the practice premises, the practice retains the right to have the patient removed from their list. In extreme cases, the police may also be contacted.

All incidents must be reported to Holly Lam and recorded within the Significant Events Log. Any injuries will be recorded in the accident book.
